Attention:- Colin Rule – Datatrac Solutions

RE:- **TESTIMONIAL**

Dear Colin

We would like to take this opportunity to thank you and your wonderful staff for being so helpful at all times.

We have been searching for ten years for a userfriendly software programme to run our Real Estate Business. Datatrac has been the answer to all our problems and has helped us immensely with the day to day tasks involved with the runnings of our Company.

We would also like to thank you for upgrading our Website and we are thrilled by the weblift you have given us, in the short time it's been, we have noticed our website appear on Google's front page, we recommend Datatrac to any company wishing to improve the efficiency of their business.

Thanks again to you Boet, Shandin, and Sian.

Kind regards

Tim and Caron Upton
